LEAN 101

LUNCH & LEARN

Culverhouse College of Business

Alabama Productivity Center

About the Class:

You will learn how the Lean approach can help streamline your business and make it more productive and efficient. In addition, we will teach you to understand how to identify wastes in your processes and to decipher between value added and non-value added activities. You will receive an introduction to layout, storage, flow, 5S, and visual management.

TIPS AND TOOLS TO STREAMLINE YOUR BUSINESS!
